GLOBE THEATRE,

FINANCIAL AND COMMERCIAL.

WEDNESDAY, May 3-6 P. M. on 'Change to-day wheat was unsettled and irregu The cotton market was steady and raine

MONEY THREE TO SIX PER CENT. The money market was easier, with five to six per cent as the rates on stock collaterals and three to four per cent on governments. Six per cent was, aps, exceptional, at least it was not exacted in eral run of business on the ordinary collate-The annual recurrence of the national bank note redundancy is at hand, and the abundance of this kind of currency is already rendering it difficult to lend. One leading firm who sold bonds to the government to-day vainly endeavored to place the large amount paid out to them from the Sub-Treasury. It is suggested that, inas-much as the government intends paying out this corrency until better supplied with legal tenders, the bond purchases and gold sales be arranged take place the same day-the former an hour would have merely to pay out the difference between what it pays for the former and gets for the latter, and prevent the shifting and interchange of a couple of milions during the two days of the week devoted to these Treasury operations.

Nothing new was said in the market for com-

mercial paper, but a quiet business is steadily doing the vicinity of 61/2 per cent discount for prime double names, with 6 to 7 per cent as the extreme quetations for first class paper.

Foreign exchange was nominally unchanged and oull. The leading bankers continued to ask 110% for sixty days' sterling and 110% for sight, but allowed a brokerage of a full one-eighth per cent on these rates. In fact, round amounts of short sight might have been bought at 100% less THE NEW LOAN.

Advices from Washington of a private nature state that proposals have been received from Europe for the exchange of two hundred millions of fivetwenties now held there for the new bonds. The additional subscriptions to-day were \$290,000, making the total subscriptions and conversions to date \$62,283,000. GOVERNMENTS FIRM.

The government list was steady and firm, particularly after the announcement that the offer of the government to buy two millions elicited tenders of only \$5,716,850, but underwent no important change. The currency sixes were exceptionally heavy and a fraction lower. The following were the closing street prices:—United States currency sixes, 115% a 115%; do. sixes, 1881, registered, 116% a 117; do. do., cot pon, 116% a 117%; do. five-twenties, registered, May and November, 110% a 111%; do. do., 1862, coupon, do., 111 a 111%; do. do., 1864, do. do., 110% a 111%; do. do., 1865, do. do., 110% a 111%; do. do., registered, January and July, 113% a 113%; do. do., 1865, coupon, do., 113% a 113%; do. do., 1867, do. do., 113% a 113%; do. do., 1868, do. do., 113% a 113%; do. ten-forties, registered, 108% a 109%; do. do., coupon, 109% a 109%. GOLD DULL-111 A 111 %.

The gold market was dull and in the main steady. The lighter shipments of specie, as compared with the expectations earlier in the week, while a trifle more than those counted upon yesterday, checked the feeting for a rise, especially as the London quotations for 62's came 80% a 90%. The intimation was made during the day that a further reduction in the Bank of England rate of discount might be looked for to-morrow, but as the minimum is now 2% per cent it seems hardly probable that any alterstion will be made; but, then, London is unusually well supplied with money just now, owing to the secumulation there of capital which, with peace in France, would be across the Straits. The course of market is shown in the table:-

The street was wholly wrapt up to-day in anticiions of what might be doing at Cleveland by the Lake Shore annual meeting, and as reports were not forthcoming as to the proceedings of the session the street was left to conjecture what it pleased. As a consequence the stock market was consigned to the care of the few speculators who alternately warmed Sectuated just about one per cent, according as the views of these operators became rose-colored or mined cloudy as to the prospects of a scrip dividend. The Northwest party ran their favorites up a little and thereby made a bridge on which they crossed over to boist Röck Island a little. When at last the Janitors of the Stock Exchange began to draw the corrugated shutters upon the dull Long Room and the telegraph still raised to tell of the doings at Cleveland the patience of the street gave way, and with almost the entire list of speculative stocks, the decline toward the close being a half to one and a half per cent from the Cieveland and Pittsburg Railroad for the third week in April show a gain of \$15,428. Hannibal and St. Joseph exhibited the curious feature of selling at 102% for the common and at 102 for the preferred, a "crossing" of the two kinds of stocks which does HIGHEST AND LOWEST PRICES.

The following table shows the highest and lowest prices of the principal stocks during the day:-

REAL ESTATE MATTERS.

The feature of interest in the real estate market yesterday was the sale of a number of Park lots, situate on Broadway, Fifty-eighth and Fifty-inten streets, being part of the eather of Charles M. Connoily, docased. The sale was made by order of the executors. As these lots are well located there was a good attendance at the sale and bidding was prompt and spirited. The other sales were unimportant. The following are the particulars:—

Friendless, Destitute and Homeless-Touching Letter-The Remains Sent to the

The suicide of Mrs. K. E. Harrington at the Stevens House by inhaling chloroform has already been published in the Herald. The unfortunate lady was above the medium height, about thirty-five years of age and had a profusion of jet black hair. She was dressed nearly in dark, but not expensive clothing. In registering her name the lady, who exhibited much culture and refinement, said she came from Long Island. That she premediated self-destruction, and intended there should no mistake in the accomplishment of her purpose, is very evident.

Coroner Schirmer yesterday held an inquest over the remains, and examined two or three witnesses as to the arrival of deceased at the hotel and the muting of her dead body, but nothing of importance was clicited other than already published.

The jury, after hearing all the evidence, rendered a verdict of death by suickie by inhaling chloroform. The verilict being rendered, Coroner Schirmer ordered the remains to be removed to the Morgue, where they will remain a reasonable length of time tor identification and reclamation. The effects left by deceased are in charge of the Coroner.

FURIOUS FANNY WRIGHT.

The Murderer of Officer McChesney at Her Old Pranks-Smushing Glasses and Calling for

Blood.

Margaret Walsh, alias Annie Robinson, alias Panny Wright, the same girl who, some three years ago, killed officer McChesuey, of the Eighth precinct, by stabbing him in the neck with a pocket knife, was arraigned before Judge Ledwith yesterday morning on a charge of intorication and disorderly conduct. On Tuesday night Fanny went into the lager beer saloon of simo. Fisher, No. 47 Ludiow street, and called for liquor. Being refused she became very disorderly, smashing lager beer glasses and raising a general row in Simon's establishment. Snatching a large glass decanter from the counter she raised it on high, crying out in Medes-like tones, "Blood! Blood I must, I will have! Blood! Give me blood, I say ?! Simon and his wife were terrified out of their wits, and Mrs. Fisher ran out on the aircet for au officer, it took three stalwart custodians of the peace to take Fanny to the station. She fought tooth and nail all along the route. Yesterday morning her spirits were still unsubdued; she talked and laughed in the court room as if the whole thing was a stupendous joke. She still bears some fraces of former beauty, though unbrilded dissipation has left fearful marks on her countenance. Judge Ledwith bound her over to keep the peace under \$500 bail. morning on a charg
